

## Could your firm benefit from a team of specialists helping you to become more profitable?

At Vantis, we give a lot of thought to helping law firms increase their profitability. Firms like yours have a deep understanding of client service and it's important that we match your expectations.

If you appoint Vantis to perform any of the services listed below, you will come to appreciate the depth of our legal sector expertise. We are confident that we can offer you services that you will want to continue using in the future.

### Special Services

- Our unique "Top line-bottom line" service – a performance review with recommendations
- Training - we are accredited as a CPD course provider through our own specialist training division, PASS Training
- Financial services
- Specialist tax planning

### Business Advisory

- Partnership agreements
- Raising finance and capital structuring
- Acquisitions and disposals
- Business strategy
- Business plans

### Compliance Services

- Solicitors' Accounts Rules reporting
- Management accounting
- Year-end accounting
- General business and personal taxation

### Some examples of how we have helped law firms include:

- Handling complex processes of conversion of partnerships to LLP status
- Advising in respect of partnership agreements, capital and borrowing structures, profit sharing arrangements, partnership progression and retirement
- Achieving tax savings through representations to HM Treasury on behalf of the legal profession
- Carrying out benchmarking surveys allowing partners to focus on performance and increase profits
- Reviewing solicitors precedents relating to tax and improving document quality

If you require an audit, Vantis will work alongside independent audit services provider HLB Vantis Audit plc. This specialist audit practice will ensure that your service needs are met by an experienced team, with relevant expertise in the legal sector.
